Dear Mrs. Tumber -

After due consideration the Board of Directors has determined to reconfirm its earlier decision to hire a new Directress of the Neighborhood House effective June 1, 1983. I believe that you were advised of this decision by the President of the Board sometime in February.

Our agreement with you calls for thirty days notice to terminate. The Board feels that notice in excess of three months should be more than adequate and we trust you will honor your obligation by vacating the apartment by June 1, 1983.

We regret any inconvenience or discomfort this may cause you. However, we deem it necessary for the continuation of the service rendered by our organization.

For the Board of Directors

Sincerely,

Secretary
