

September 17, 1973

Mr. William C. Heppenheimer, 3rd.  
President, Maidstone Club  
East Hampton, New York 11937

Dear Mr. Heppenheimer:

Last year Mrs. Broaddus Johnson, who was then president of our Board of Directors, discussed with the Maidstone Club arrangements for the East Hampton Visiting Nurse Association to have a golf day at the Maidstone Club in the even numbered years.

As the new president of the Board I hope that the above arrangements still stand. Because a benefit golf day and our annual appeal letter are our only means of raising monies to carry out the program of the "Neighborhood House" it is important that our plans be made well in advance.

If the Board of Directors of the Maidstone Club feels that it can grant us a day we would be grateful if the date could be in early June.

May I ask that our request be presented to the Board and that at your convenience I be advised of its decision?

Sincerely,

(Mrs. Selah N. Lester)  
President
