Re: East Hampton Visiting Nurse Assoc.--Olive Pharaoh

Dear Avis:

I have looked over the boundary line agreement which you sent to me some time ago. With a couple of minor changes in the description, it would appear to be in order. The result of this agreement would be to fix the northerly and easterly boundaries of the Neighborhood House property as I have marked them in red pencil on the survey. I think that the Directors should be satisfied that the physical location on the property is satisfactory and I am sure that Mel Wood could point out the lines if they are not already staked.

Yours sincerely,

ROBERT C. OSBORNE
